

# Chailey Support Systems

The Chailey Support System makes use of the Integrated Fold-down Arm Supports, now available with the Palma Vita, allowing the system to be taken on and off easily without the use of tools.

The Chailey comes in two versions: Medium and Large.

- Size 2 (Large)  
- for children aged 10 years +
- Size 3 (Extra Large)  
- for ages 15 years to adult

A Touch Sensitive Hand Switch is required when using a Chailey and consideration must be given to correct douche option.

Clos-o-Mat always recommends a site survey visit.

Harness and Lining are at an extra cost
